

THE BRIGHTEST IDEAS IN WHITEBOARDS

Item Number: CLER-0211

Product Name: EVERASE™ ClearFilms - 3 mil Dry Erase with Pressure Sensitive Adhesive (NI)

Description: This product consists of a 2 mil clear polyester film with a dry erase hard coat finish, 1 mil optically clear pressure sensitive adhesive protected by a polyester release liner. This 3 mil product offers a truly superior combination of scratch, abrasion, heat, water, solvent, stain, and chemical resistance.

Technical Performance:

Table with 3 columns: Characteristic, Property, Result. Rows include Gloss (100%), Durability (700, 7H), and Wearability (500+ cycles, 5,000+ cycles).

Stain Resistance:

- 1) We tested and graded our product with each of the following agents using the NEMA LD 3.4 stain test.

Table with 4 columns: Agent, Rating, Agent, Rating. Lists various substances like Distilled water, Ketchup, etc., with their corresponding NEMA ratings.

- 2) We also tested our product with each of the following agents. Each agent was allowed to be in contact with the product overnight and was then wiped off with a mild detergent or glass cleaner.

These agents had no effect on our product:

Ethyl alcohol, Isopropyl alcohol, naphtha, lipstick, blue ink, 5% soap solution, 5% detergent solution, 1% trisodium phosphate, milk, vinegar, methyl ethyl Ketone, grape juice, rit dye, mercurochrome, ball point pen ink, felt pen.

These lab results are provided as a service only. All products are sold upon condition that the purchaser shall make their own tests and judgments. No warrant of merchantability or fitness for any purpose is implied by these test results. Neither does this constitute the seller's product specifications.
